S.107. Letter N. 900/79, dated the 8th August 27, from the Resdt. Surgeon, B'Rah.

para 3 It is stated that the revised pay sanctioned by the G. of I. in their Nos N. 5095, dated the 29th July 1927, for the Lady Assistant Surgeons of the Bowring and Lady Curzon Hospital has not yet been given effect to.

The Residency Surgeon proposes the entertainment of the following additional staff:-

1 Lady Assistant Surgeon for the Lady Curzon Hospital on Rs. 150-5-200-10-300 p.m.

1 Male Sub-Asstt. Surgeon for the Bowring Hospital on Rs 75-5-175 p.m. with a local allowance of Rs. 10 per mensem.

For the Gosha Hospital.

1. Lady Sub. Asstt. Surgeon on Rs. 75-5-175 p.m. with a local allowance of Rs. 10 p.m.

3 Indian Nurses at Rs. 25 p.m. each with an allowance of Rs. 10 p.m.

1 Peon at Rs. 15 p.m.

2 Ayas at Rs. 15 p.m. each.

2 Sweepers at Rs. 13 p.m. each,

1 Mali at Rs. 15 p.m.

The extra cost of the additional staff comes to Rs. 708-8-0 p.m. as shown by the Pay & Acts Officer in the proposition statement. The cost with is Rs 8,502/-.

Submitted for orders as to whether the P.A.C.

(5)

the G. of I. may be addressed in the matter and the amount included in Part II B - Charges — in the Assigned Taxes Budget for 1928

C.A.S.
17/9/27

Perhaps this may be considered, along with the Police Reorganisation proposals, after the budget estimates for 1928-29 have been prepared. We will then know how the Assigned Taxes Revenues stand. Meanwhile the extra expenditure may be included in the statement of fresh charges for 1928-29.

W.S
19/9

As suggested at A

W.S
19.9.27

A sum of Rs. 8,502/- has been provided in the next year's budget of the Assigned Taxes under Part II-B-Fresh Charges.

Draft to the G. of I. submitted.

RESIDENT'S OFFICE
BANGALORE.
No. 8029
Date of receipt 12.9.27

PBam 19869/10

GOVERNMENT OF INDIA—FINANCE DEPARTMENT,
Pay and Accounts Office,
BANGALORE.

Forwarded.

The present scale has been checked and found correct subject to the following observations.

The pay of the Lady Assistant Surgeons of the Bowring and Lady Curzon Hospitals has been revised in Government of India, Foreign & Political memorandum No.509E, dated 29-7-1927 as follows:-

S.441/18-13.

From	To
(1) 125-15-170	(1) 150-5-200-10-300
(1) 170-16-250	(1) 200-15-350

But in the proposition statement the pay as it existed before the revision has been shown presumably because the revision has not been given effect to yet. Alterations and remarks that are necessary in the proposition statement are indicated in pencil.

Again the strength of the Sub-Assistant Surgeons of the Bowring and Lady Curzon Hospitals is only 3. The fourth sub-asst. surgeon referred to in the letter of the Residency Surgeon is only a Municipal sub-assistant surgeon. For his services in connection with the work of the Bowring and Lady Curzon Hospitals, an annual contribution of Rs.900/- is paid to the Municipality.

S.61/194-27

Two sub-assistant surgeons of the Bowring and Lady Curzon Hospitals are drawing a special pay of Rs.30/- and Rs.15/- respectively. This should be shown in the proposition statement.

The proposal requires the sanction of the Government of India under Rule 60(2) and (3) of the Book of Financial Powers.

Residency Surgeon's Office
Bowring Civil Hospital
Bangalore 8th. August 1927

From

Lt-Col. J.McPherson,M.A.,M.B.,F.R.C.S.E.,M.R.C.S.,
I.M.S.,
Residency Surgeon.

To

The Secretary
to the Resident in Mysore,
B a n g a l o r e.

(Through the Pay & Accounts Officer, Bangalore)

Sir,

I have the honour to inform you that the medical staff of the Bowring and Lady Curzon Hospitals and the Gosha Hospital are inadequate to cope with the work and therefore send herewith my proposal for favourable consideration of the Hon'ble the Resident in Mysore, Bangalore.

1. There are four Sub-Assistant Surgeons in the Bowring Civil Hospital at present. Three are paid purely by Government and one partly by Government and partly by the Station Municipality. Of these four one is in the Out-patient Department, one in the Laboratory, one in the Surgical Wards and the other in the General Wards and one or other of them has to be available for giving of anaesthetics in the Emergency Room or in the operation theatre at any time day or night. Almost every day one Sub-Assistant Surgeon is summoned to court in connection with Medico Legal work. The duties of this Sub-Assistant Surgeon have to be looked after by one of the other three men in addition to his own. Frequently the fourth Sub-Assistant Surgeon has to be deputed to serve in one of the three Municipal Dispensaries and his services are then lost to hospital for days or it may be weeks. These four Sub-Assistant Surgeons are fully engaged and if any one of them is absent,

the work

the work suffers very much. There is no one specially deputed to such work as Medical Stores and statistical work of the hospitals. Of these four Sub-Assistant Surgeons one is attached to the Laboratory and the other to X-Ray. It will therefore be seen that the Sub-Assistant Surgeons are fully engaged.

In addition the Civil and Military Station is very badly in need of an Eye, Ear and Throat Department. There is no such hospital/than the Victoria and Minto Opthalmic Hospitals. Being a Specialist in these branches I should like to start these Departments for which there has been expressed an urgent want. I therefore consider that a fifth male Sub-Assistant Surgeon is very necessary for the Bowring Civil Hospital.

2. The Lady Curzon Hospital. At present there are only two Lady Assistant Surgeons. Of these two, one is attached to the Out-patient Department and the other to both the Surgical and Medical Wards. The latter has also to do anaesthetic duty at any time, and is not infrequently called up in Hospital on successive nights to attend on difficult midwifery cases requiring instrumental aid. It is hard on them to expect them to work without any leisure. If any one of them takes short leave a male Sub-Assistant Surgeon has to be deputed from Bowring Civil Hospital to look after her duties and as he has naturally no midwifery experience the arrangement is unsatisfactory, and throws additional work on the Sisters who are qualified. So the work of both these Hospitals suffers simultaneously. A third Lady Sub-Assistant Surgeon is therefore very necessary for the Lady Curzon Hospital.

vide * para 6.

3. The Gosha Hospital. After the completion of the Private Wards the present Staff will not be able to manage the work as the work will increase. The Lady Doctor has already stated that her present Staff is insufficient for the actual needs of the hospital at the moment. Therefore the present

(9)

the present Staff must be strengthened by the following additional members.

1. One Lady Assistant Surgeon on Rs.75-5-175 plus Rs.10/- Local Allowance.p.m.
2. Three Indian Nurses at Rs.25/- with Rs.10/- Allowance.p.m.
3. One Peon at Rs.15/- p.m.
4. Two Ayas at Rs.15/- each.p.m.
5. Two Sweepers at Rs.13/- each p.m.
6. One Mali at Rs.15/- p.m.

I therefore request you will kindly obtain sanction of the Hon'ble the Resident in Mysore to my proposed increase of the Staffs of these Hospitals to enable me to include the same in the Budget Estimate for 1928-29.

I have the honour to be

Sir,

Your most obedient servant,

Lt-Col., I.M.S.,

Residency Surgeon, Bangalore.

Through
The Pay and Accounts Officer,
B a n g a l o r e.

Dated Bangalore 27th Oct. 1927.

REVISION OF THE MEDICAL STAFF OF THE BOWRING AND LADY CURZON HOSPITALS AND HAJEE SIR ISMAIL SAIT'S GOSHA HOSPITAL.

Sir,

I have the honour to submit the following proposals for the revision of the medical staff of the above hospitals in the Civil & Military Station of Bangalore, as the Residency Surgeon says that the existing staff is inadequate to cope with the work.

2. There are four Sub Assistant Surgeons in the Bowring Civil Hospital at present. Three are paid wholly by Government and one partly by Government and partly by the Station Municipality. Of these four one is in the out-patient Department, one in the Laboratory, one in the Surgical wards and the fourth in the General wards. The Residency Surgeon states that one or other of them has to be available for the giving of anaesthetics in the Emergency Room or in the operation theatres at any time of the day or night, that almost every day one Sub-Assistant Surgeon is summoned to court in connection with medico-legal work, and that the duties of this official have to be looked after by

Pdn. Sl. 107/a

one

one of the other three men in addition to his own. He further states that frequently the fourth Sub-Assistant Surgeon has to be deputed to serve in one of the three Municipal Dispensaries and that his services are then lost to the hospital for days or in some cases for weeks. It is said that there is no one specially deputed to do such work as that relating to medical stores and statistics of the hospitals and that of these four Sub Assistant Surgeons one is attached to the Laboratory and the other to X-Ray Room. It will therefore be seen that the Sub-Assistant Surgeons are fully engaged and if any one of them is absent the work of the hospital must suffer. Apart from this, the need of an Eye, Ear and Throat Department has long been felt, there being no such facilities in the Civil and Military Station. But it has been impossible to start such a department for want of staff.

I therefore support the recommendation of the Residency Surgeon that a fifth male Sub Assistant Surgeon is essential for the Bowring Civil Hospital.

3. The Lady Curzon Hospital.

At present there are only two Lady Assistant Surgeons. Of these two, one is attached to the out-patients Department and the other to both the Surgical and Medical wards. The latter has also to perform the duties of anaesthetist and is not infrequently required on successive nights to attend on difficult midwifery cases requiring instrumental aid and the need of an alternative anaesthetist is keenly felt. If one of these Lady Assistant Surgeons takes leave, a male Sub-Assistant Surgeon has to be deputed from the Bowring Civil Hospital to look after her duties and that as he has no midwifery experience the arrangement is unsatisfactory and interferes with his work in the Bowring Hospital. The Residency

Surgeon

(5)

Surgeon states that the work of both the Bowring Civil Hospital and this Hospital suffers simultaneously and recommends the appointment of a third Lady Assistant Surgeon for the Lady Curzon Hospital as being very necessary. I support his recommendation.

4. The Gosha Hospital.

The Residency Surgeon states that after the completion of private wards the present staff will not be able to manage as the work will increase. The Lady Doctor has already mentioned ~~xxx~~ that the present staff is insufficient for the actual needs of the hospital at the moment. It is therefore proposed that the present staff should be strengthened by the following additional members:-

One Lady Sub Assistant Surgeon on Rs.75-5-175 plus Rs.10/- per mensem - Local Allowance.

Three Indian Nurses at Rs.25/- per mensem with Rs.10/- per mensem as allowance.

One peon at Rs.10/- per mensem.

Two Ayas at Rs.15/- each per mensem.

Two sweepers at Rs.13/- each per mensem.

One mali at Rs.15/- per mensem.

* Vide next page.

5. The following* figures show the work carried out in the above hospitals during the past five years (except in the case of the Gosha Hospital which was started only in November 1925). Having regard to the volume of work

the

the staff has to get through, it appears I am of opinion that the additional staff now asked for is absolutely necessary.

6. I forward a proposition statement in duplicate with a copy of the report by the Pay and Accounts Officer, Bangalore. It will be seen that the additional cost amounts to Rs.708-8-0 per mensem or Rs.8,502/- per annum. The necessary provision has been made under Part II-B Fresh charges in the next year's budget of the Assigned Tract. I request that my proposals may be sanctioned with effect from the 1st March 1928.
